SUMMARY

Entry-level Software Developer and MCA graduate with hands-on experience in Java, Python, SQL, and web technologies. Completed a software development internship with exposure to real-world projects, manual testing, and backend concepts. Strong in problem-solving and eager to contribute as a Java or Python developer.

PROFESSIONAL EXPERIENCE

Kodnest Technologies **Bengaluru, Karnataka, India**
Software Development Intern **17 Nov 2025 - Present**

- Gained hands-on experience in Java, MySQL, HTML, CSS, and manual testing.
- Assisted in software module development, testing, debugging, and SDLC-based workflows.

Cojective **Mysuru, Karnataka ,India**
AI/ML Intern **May 2025 – June 2025**

- Developed AI/ML data processing pipelines to improve workflow efficiency and data handling.
- Optimized Python scripts and debugged models to improve accuracy in an Agile development environment.

PROJECT EXPERIENCE

Stress Detection of IT Professionals using Machine Learning

- Designed and implemented a machine learning model to predict stress levels in IT professionals.
- Applied supervised learning algorithms including Random Forest, Ada Boost, Extra Tree, and Stacking Classifier.
- Performed data preprocessing, feature extraction, model training, and evaluation.
- Developed personalized stress-management recommendations.

Vegelight – Full-Stack Food Delivery Platform

- Developed a Django-based food delivery web application with authentication and admin dashboard.
- Integrated Razorpay payment gateway for secure online transactions.
- Designed a responsive UI using HTML5, CSS3, and JavaScript.

EDUCATION

Postgraduate - Master of Computer Applications (MCA)

The National Institute of Engineering, Mysore

Year of Pass out: 2025 | CGPA: 8.3

Undergraduate - Bachelor Computer Applications (BCA)

PES Degree College for Science, Arts and Commerce, Mandya

Year of Pass out: 2023 | CGPA: 8.4

12th Grade – Govt PU College for Girls (2020)

10th Grade – B.J.L. Public High School (2017)

SKILLS

Programming: Core Java, Python, JavaScript (ES6)

Database: MySQL, SQL, MongoDB
Frontend Technologies: HTML5, CSS3, React, Redux
Backend Technologies: Django, JDBC
Frameworks: Spring Boot (basic), Hibernate (basic)
Tools & Platforms: Git, GitHub, VS Code, Eclipse, IntelliJ IDEA, Cursor, Maven
Concepts: OOPs, SDLC, Data Preprocessing, DSA, Machine Learning

ACHIEVEMENTS AND CERTIFICATIONS

Design Thinking NPTEL (IIT Madras): A Primer | Gained knowledge in user-centric problem solving, ideation, prototyping, and innovative solution development.
