SUMMARY

Entry-level Software Developer and MCA graduate with hands-on experience in Java, Python, SQL, and web technologies. Completed a software development internship with exposure to real-world projects, manual testing, and backend concepts. Strong problem-solving skills and eager to contribute as a Software Developer.

PROFESSIONAL EXPERIENCE

Kodnest Technologies

Bengaluru, Karnataka, India

Software Development Intern

Nov 2025 - Present

- Gained hands-on experience in Java, MySQL, HTML, CSS, and manual testing.
- Assisted in software module development, testing, debugging, and SDLC-based workflows.

Cojective

Mysuru, Karnataka, India

AI/ML Intern

May 2025 – June 2025

- Developed AI/ML data processing pipelines to improve workflow efficiency and data handling.
- Optimized Python scripts and debugged models to improve accuracy in an Agile development environment.

PROJECT EXPERIENCE

ShopKart – Full Stack E-Commerce Web Application

Technologies: Java, Spring Boot, Hibernate/JPA, MySQL, React.js, JavaScript, HTML5, CSS3, Razorpay API, REST APIs, JWT Authentication

- Developed a full-stack e-commerce application with JWT-based authentication and role-based access control.
- Implemented product management, shopping cart, order processing, and payment integration functionalities.
- Built RESTful APIs using Spring Boot and Hibernate and integrated them with a MySQL database.
- Designed responsive user interfaces using React.js and integrated Razorpay for secure payment processing.

Stress Detection of IT Professionals using Machine Learning

Technologies: Python, Scikit-learn, Pandas, NumPy, Random Forest, AdaBoost, Extra Trees, Stacking Classifier

- Developed a machine learning model to predict stress levels in IT professionals using supervised learning techniques.
- Applied Random Forest, AdaBoost, Extra Trees, and Stacking Classifier algorithms for stress prediction.
- Performed data preprocessing, feature extraction, model training, and evaluation to improve prediction accuracy.
- Implemented personalized stress-management recommendations based on prediction results.

EDUCATION

Postgraduate - Master of Computer Applications (MCA)

The National Institute of Engineering, Mysore

Year of Pass out: 2025 | CGPA: 8.3

Undergraduate - Bachelor of Computer Applications (BCA)

PES Degree College for Science, Arts and Commerce, Mandya

Year of Pass out: 2023 | CGPA: 8.4

SKILLS

Programming: Core Java, Python, JavaScript (ES6)

Database: MySQL, SQL, MongoDB

Frontend Technologies: HTML5, CSS3, React, Redux

Backend Technologies: Django, JDBC

Frameworks: Spring Boot, Hibernate

Tools & Platforms: Git, GitHub, VS Code, Eclipse, IntelliJ IDEA, Cursor, Maven

Concepts: OOPs, SDLC, Data Preprocessing, DSA, Machine Learning

ACHIEVEMENTS AND CERTIFICATIONS

Design Thinking NPTEL (IIT Madras): A Primer | Gained knowledge in user-centric problem solving, ideation, prototyping, and innovative solution development.
